Newsletter

Greetings to all our clients. We hope that you will find this issue of the Classic Software Newsletter informative. We endeavour to continue providing you with the best from our business solutions.

Website Launch

We are proud to announce the launch of our website www.classicsoftware.org on the 1st of August 2011.

Please visit us on our website where you will find a host of information including the newsletter and other valuable offerings. Requests for orders, quotations, support etc can be placed on the website.

Upgrades

We would like to encourage all our clients that are still on the dos based version of our systems to consider upgrading to the windows version.

Dos based programs are fast becoming obsolete. So please consider ordering the windows version of Classic range of Software.

Systems upgrades are being carried out for the following.

Classic Estate

The system upgrade for Classic Estate is almost complete and will be available from the beginning of August.

Classic Accounts and Stock

We are currently working on the windows based version of the Classic Accounts and Stock system.

Antivirus service

We want to remind all our clients that we are licensed distributors of Eset Nod32 Antivirus.

Below are some of the benefits of using this antivirus

Key Benefits

- Keeps you safe from viruses, spyware, trojans, password stealers and other malware threats

Features:

- *Website Launch*
- *Upgrades-Classic Estate & Stock packages*
- *Antivirus service*
- *Staff identity*
- *Local news*

- Stops most new threats proactively, well before other vendors have issued a signature, maximizing your defense against new and unknown threats
- Scans and cleans Internet traffic and email, even when it's SSL-encrypted, so your email is always safe
- Stops threats from entering through removable devices so you can share files with confidence
- Tiny signature updates happen discretely as needed and won't bog down your system

Staff Identity

All clients should note that we have introduced identity cards for all representatives of Classic Software, please find attached with this newsletter a sample. Only Classic staff is authorised to provide support and no one else. So if you come across false staffers please contact us immediately.

News in Brief

At Classic it is our desire to always keep our clients well informed, below are listed are the tax proposals highlighted in the mid-term Fiscal Policy statement presented by Mr Biti:

- New Income tax law to become law before end of September - automation of Zimra
- Fiscalised registers - new tenders have been opened and 9 companies have come on board and implementation date is October 1
- Duty on basic commodities reintroduced
- Rebate duty on capital goods in Tourism sector reintroduced to registered operators from 1 September 2011
- Motor vehicles imported by tourism operators duty rebate extended for 6 months from September 1 for registered and approved operators

- Raw materials and capital goods tax removed.
- Rebate duty on prepaid electrical metres imported by approved suppliers from September 1

Licence Fees

We would like to remind all clients that the licence period for July to December has already begun. All those with arrears on their account are advised to clear them as soon as possible..

If there are any queries or enquiries please contact regarding your licenses please contact Charlene by phone or email her charlene@classicsoftware.co.zw
